It assesses the individual's non-formal and informal learning to determine the extent to which that individual has achieved the required learning outcomes, competency outcomes, or standards for entry to, and/or partial or total completion of, a qualification (AQF).

Credit Transfer means granting of credits against an equivalent and nationally recognised unit of competency completed as part of earlier studies.Credit transfer does not involve assessment and is granted on determination of equivalency between two units of competency. Unit selection and suitability is guided by packaging rules of the relevant course or qualification.
