## Create a USI step by step

Creating a Unique Student Identifier (USI) is quick, easy and free. Below is a step by step tutorial showing you exactly what you will need to follow to create your USI.

## STEP 1: Have a valid form of ID handy

Have at least one form of current and valid ID handy that we will accept. Don't worry, we accept many forms of ID and most people will own not one but two or three forms of ID we accept. If you do not have one of these forms of ID contact your training organisation for assistance.

**IMPORTANT:** When you create your USI, enter your details exactly as they appear on your form of ID.

## STEP 2: Go to the USI Creation page

The page is located <u>https://www.usi.gov.au/your-usi/create-usi</u>, but read this whole page first!

## STEP 3: Next agree to the Terms and Conditions

## STEP 8: You're done!

Your USI will now be displayed on the screen and will have been sent to you for your records. Please keep a record of this number as this USI is yours for life!

If you are enrolling in training your training organisation will need to collect and verify your USI. To help your training organisation to do this, you may want to print or email your USI verification details from this screen.

You can also set up access for organisations to view and/or update your USI account. You can also set up access for organisations to view your transcript. Providing access to your USI account and your transcript may assist your training organisation to process your enrolment.

# Forms of identification

When you create your USI, we ask you to provide a valid form of ID to make sure that the USI is unique to you and not used by another person, and to make sure that you don't accidentally create two USIs.

To create a USI you will need to use a valid form of Australian ID from the list below. You won't need to upload a copy of your ID; you will simply need to type in some of the information that appears on your ID.

**Important**: Personal details entered must match those shown on your form of ID. The USI Registry System uses the <u>Documentation Verification Service</u> or DVS to verify the details you have entered are correct.

One of the following are acceptable forms of ID:

- <u>Australian Passport</u>
- Non-Australian Passport (with Australian Visa)
- <u>Australian Birth Certificate</u>

Please note a Birth Certificate extract or Commemorative Birth Certificate will not verify

- Australian Driver's Licence
- Medicare Card
- <u>Certificate of Registration By Descent</u>
- <u>Centrelink Concession Card</u>
- <u>Citizenship Certificate</u>
- ImmiCard

If you don't have one of these forms of ID, please contact your training organisation for assistance. We don't keep any of the information from your ID, although we do keep some of your personal information which may also appear on your ID. If you would like more information about what data we keep, you can view the Student Identifiers Registrar's Privacy Policy.

## Students who do not have standard forms of identity

The OSIR understands some students may not have had their birth registered and/or have access to standard verifiable identification documents.

Document Name: How to Create a USI		RTO Code: 45821	CRICOS Code: 03997C
Version: 1.3	Approved: 15 June 2023	ABN:44644500774	Page <b>18</b> of <b>24</b>

#### **Incarcerated students**

Students who are currently sentenced or on remand within a correctional facility may not have access to standard verifiable identification documents. With consent from the student, training organisations may create a USI on behalf of an incarcerated student using the Incarcerated Students Evidence of Identity Form. The form also allows the student to authorise a correction/education officer to act on their behalf when engaging with the OSIR to verify, amend and/or create a unique student identifier.

#### Indigenous students

Some indigenous students may not have had their birth registered with a Register of Births, Deaths and Marriages. The Aboriginal and Torres Strait Islander Peoples Evidence of Identity Form allows students to provide all necessary information, in lieu of standard verifiable identification, for training organisations to create a USI on their behalf.

The information required from each form of ID are shown below
